TERITAL UNITED

DESCRIPTION

The long search for a dynamic monoline script prompted us to create our very own, *Terital*, named after the 1960s Italian overcoat advertisement that was the original reference. Fearing users would create all-caps script setting, we cheekily designed *Terital* as a lowercase set only. With opentype, this limitation was revised in the 2011 version. Both capitals and swash capitals were added. To mark this much greater typographic capacity it was re-named *Terital United*.
